

Monsters

TOOTH

Did everyone comb their whiskers?

MOONFACE

I didn't see anyone practicing their dance steps. Remember, we just changed the moves for "When the moon is full, I really feel it's pull."

And Furr-Ball, you are NOT supposed to be in front of the line!

FURR-BALL

You said I could get to do something special this year!

MOONFACE

Now let's get our lines straight! Come-on, werewolves, what do you think this is? Some cheap amateur night? This is our chance to shine!

SNARLY

Aw, what's the big deal? We've done this every year for the past 400 years! We could do this in our sleep!

GROWLY

Sleep...that sounds good right about now...

MOONFACE

That, my young were-pups, is exactly the kind of attitude that will get us all in trouble.

FARGOYLE

Werewolves, hope you're ready, you're up next!

PUFFY

We're on! We're on! Places!

MOONFACE

Snarl those fangs werewolves, here we go!
